Forecast for Wednesday 08 Feb 2023

Weather: It will be a mainly cloudy but dry day, chance of some hazy sunshine. A front will quickly pass southeastwards over the area during the evening, giving some light rain for a couple of hours. Dry and clear by late evening.

Chance of cloud-free hill tops above 700m: 30% at first, soon increasing to 90%, briefly dropping to 40% as the front passes during the evening.

Low cloud and visibility: Generally good visibility through the day, moderate in rain. Some low cloud at first around 400-600m but soon clearing during the first part of the morning. Narrow band of low cloud 500-700m on the front.
